Planners OK One PRD In Monterey Heights; Ask Another to Change

Of the two requests in hearing Friday before the County Planning Commission for Special Use Permits in the Monterey Heights area of Lemon Grove, one was approved and the other referred to the developer for re-design to reduce the residential density. Both requests were for Planned Residential Development projects.

More than 300 residents of the area attended the meeting which was scheduled for 11 a.m. but was not called until about 4 p.m. By then, many persons had to leave to attend to other business.

Those who remained heard the Planning Commission approve the construction of 10 one-story duplexes on a 3.10 acre lot at the south end of New Jersey about 650 feet south of its intersection with San Miguel.

Charles Hyman, of 7519 Davidson dr., a spokesman for the protesting group said the group would appeal to the County Board of Supervisors. More than 200 names were on a petition he presented while asking that approval be delayed until the matter could be reviewed by the Lemon Grove Planning Commission.

Jim Dorman, president of the local Planning Association said Monday that his group had not yet developed a community plan against which such a request could be weighed.

Clayne Munck, senior planner for the Community Planning section of the County Planning Department said Monday that part of the program at today's Planning Assn. meeting would be devoted to Planned Residential Developments. In PRD's, density is increased in exchange with the developer for recreation open spaces and more streets; both of which are supplied by the developers.

Density Cut

In the other instance at the Friday hearing, the Planning Commission sent plans back to the developer with instructions to reduce from 96 to 64 units on 8 acres at the north end of Drexel dr. about 350 feet north from its intersection with Canton.

Dr. Harry Sorteberg, spokesman for the group backed by petitions with more than 300 names and by approximately 200 residents, packed the hearing room.

His complaint was about the density and the traffic problems the added density would create. We also want homes as good as those already established," he said.

One commissioner reminded Dr. Sorteberg that the plan called for the normal density of 8 to the acre and that 96 units was about right for the 8-acre area. Dr. Sorteberg responded arithmetically that eight times eight is 64. The commission concurred and sent the plans back for adjustment downward.

The developer, listed as Macey L. McMillan, Jr., failed to indicate at Friday's meeting whether or not he would appeal to the Supervisors.

Dr. Sorteberg, of 1885 Skyline dr., said Monday he did not know whether the eight-to-the-acre density would satisfy his group. He said that decision would be made when leaders meet late this week.

He said that he would accept the decision of his group and if the density of eight was objectionable, he would carry the objection to county government again.

Jack Lamb, assistant planning director, said Monday that the PRD concept was a partial answer to urban type communities, such as Lemon Grove, to help fill left-over places around which development had already taken place.

He said the 96-unit plan had been handed back to the developer with a request of "minor re-design."

Meanwhile, members of the L.G. Planning Assn. urged residents of the Monterey Heights area to attend the meeting today at 3 p.m. at the L.G. Junior High school to aid in the formation of a Community Plan.

Disapproval of developments out-of-line with the Community Plan would save petition signing and massive visits to Planning Department hearings — after a plan is developed.

Fact Finding on Broadway

Every Broadway businessman, in the area between Olive and Kempf, should take the trouble to get full information from the County Road Department about the coming improvement project.

Several of those who are hesitant to approve the recommended improvement have not taken the trouble to get the facts, according to an informant in the Department.

A handful of property owners are slowing down the project by not only being delinquent in participating but they don't even take the trouble to inform themselves about the project they are being delinquent in.

One owner is objecting to parallel parking. Shoppers like diagonal parking better, is the plaint.

Howard Taylor, County Road Engineer, says succinctly, "There isn't going to be any diagonal parking on Broadway in Lemon Grove!" To permit diagonal parking would be to reduce available parking space dramatically, he advises

It would be nice to have all the shop-front parking that's wanted but it just can't be. Broadway, presently with the unenviable record of having the highest accident rate in the county for a comparable stretch, must get relief in order to encourage shoppers to the business section.

To deny the safety improvement for the benefit of more parking area would be asking shoppers to subject themselves to a high accident quotient for the benefit of merchants. Concerned shop owners do not want a dangerous thoroughfare but they need help to get the best improvement. If they only succeed in getting the facts known, they would have achieved some sort of a victory.

The Chamber of Commerce is sponsoring plans calling for low, green plants in the center isles. Center isles will be installed with paved centers as the alternate.

CoC plans also call for a maintained parking area. It is partly maintained now by good merchants. Dirty, pot-holed areas suggests merchant indifference.

Their plan calls for the street light standards being moved to the traffic control curbs. At present, they are hazards to shoppers.

Certainly, cost is a factor in the thinking of those who prefer to be delinquent. It will cost about $35,000 spread among all property owners to do the "first-class" job for the community. What the delinquents fail to realize is that the "second rate" job will not only encourage the continuation of the pot-holes in the parking and the hazardous location of the light standards, but it will deny residents the attractiveness of greenery down the center isles — an adornment which should help revive the business district.

Moreover, delinquent property owners will pay for a considerable part of a "first class" job even if they are able to obstruct the project into a "second choice" job. Regardless of which plan is finally adopted, part of it will be billed to property owners. Anticipating the possibility of the second choice plan, County Road Department may request the County Board of Supervisors to enforce a 1911 Improvement Act by which owners would pay for the traffic control strip between the road and parking areas, and the curbs and gutters attached thereto. Their rationale is that it is the responsibility of property owners to help control traffic to and from their property. That's a reasonable position, we think.

There it is. All the pressures for getting a community to improve itself. Like childbirth, these productions are slow and often painful. But they are necessary if there are delinquents.

For those who would accelerate the "first class" concept of the Broadway improvement, we suggest that you tell it to your favorite shopkeeper.

He, like the rest of us, wants you to keep on shopping here rather than to answer the call of the "wild gray goose" to faceless shopping centers.

And you, as a resident, want a business district of which you can be proud.

Bus District Seen Solving Tranist Woes

SAN DIEGO (CNA) — County supervisors voted Tuesday to inform the cities and the port district of the county's intention to create a county transportation organization. A district, if formed, would include Lemon Grove and Spring Valley.

The board will ask for comments on the need for a regional transportation decision-making organization.

Chief Administrative Officer Fred J. Morey also recommended formation of a five-man committee to study the form the organization should take.

He added the objective could be accomplished by county government in the formation of a county service area — a device that can levy taxes in cities, but only with the specific agreement of the cities.

There are two problems. One s the problem of the San Diego Transit Corporation and 's disagreement with the six ities it serves outside of San Diego.

The other is the development of a complete and integrated transportation system, Morey said. He said the second level of decision making need not be tackled at this time.

Suits Filed Against SV Man For Bombing

SAN DIEGO (CNA) — Damages from two former officials of the Barbers' Union and the union are being sought by operators of a barber shop and beauty parlor who claim their shops were bombed during union organization attempts.

The defendants, in a civil suit filed Monday in Superior Court are Joseph Jack Roccoforte, 29, of 10707 Jamacha blvd., Spring Valley, and his brother, Don Phillip Roccoforte, 25, of El Cajon.

Theodore and Isabel Klein, whose business on Kearney Mesa rd. was bombed on Feb. 21, 1970 filed suit.

The Roccofortes were indicted in August by the grand jury for conspiracy to commit extortion, conspiracy to commit malicious mischief and, in the case of the younger brother, the use of explosives to intimidate and injure.

The two were at liberty on $6,250 bail and pleaded guilty on Dec. 10 to the conspiracy to commit malicious mischief charge. For the older, this was reduced to a misdemeanor. Other charges were dismissed.

On Dec. 31, Judge Leland C. Nielsen put Joseph Jack on three years' probation and fined him $500. Don Phillip was also put on probation and ordered to spend 90 days in custody. Both were ordered to make restitution of $834 and not to hold office in the barbers' union.

In their suit, the Kleins are asking damages of $1,000 for repairs and replacement of equipment, $500 for depreciation of equipment not now being replaced, $10,000 for each in general damages, $5,000 for both in exemplary damages and medical expenses for Mrs. Klein. The suit claims she suffered nervous digestive upset as the result of the bombing.

The grand jury indictment of the Roccofortes named a number of "overt acts" against barbershops, and it has been reported that owners of 10 or so barbershops will file similar suits to that of the Kleins.

Spring Valley Woman Shot Accidently

A 32-year old Spring Valley woman was hospitalized last Saturday afternoon when a gun went off accidently at her apartment.

Marilyn Galgriani, of 3538 Bancroft dr., Spring Valley, apt. A, was shot through the chest at her apartment at 3 p.m. when the gun, held by William R. Crowe, 31, of the U. S. Navy, accidently discharged.

According to reports from the County Sheriff's Department, Galgriani; Crowe; Gary Engelstad, of Lemon Grove, her boyfriend; and William DePaul had been drinking beer on the patio at the apartment prior to the accident.

Reporting deputy D. Hartman said in his report that the gun was being cleaned by Engelstad when Crowe took it to adjust the hammer so it would rest on an empty chamber.

While Crowe was handling the firearm, the bullet discharged, pierced through a beer can on the table and entered the victim's chest.

No arrests were made.

The victim was taken to Grossmont Hospital by the Spring Valley Fire Department; where she was placed in the intensive care unit.

The patient was transferred to University Hospital Tuesday, where her condition was reported fair, and she was out of intensive care.

Students Cram Board Room At Grossmont

A contingent of students at Grossmont College filled the Grossmont Community College Board Room to capacity last Thursday evening on behalf of psychology instructor Richard Adelman, who's department chairman recommended earlier this month that his contract not be renewed.

Adelman, in his third year as an instructor at the college, will be eligible for tenure if his contract is renewed. No action was taken at the meeting, but action is expected to take place at a meeting of the Board of Governors March 8.

Although Adelman's case was considered for the agenda at last week's meeting, it was not put on the agenda, as the recommendation had not reached the office of the superintendent.

In order to make it on the agenda, any recommendation for rehiring or not rehiring must first come from the department chairman, through the dean's office, through the vice-president for instruction's office, and through the president's office.

Lee Roper, chairman of the behavioral sciences department at the school, made the recommendation that Adelman be fired after a unanimous agreement between the three other psychology instructors at the school that he not be rehired.

Reasons given for the recommendation were that Adelman failed to meet responsibilities, refused to cover minimum content of the course, and would not consider the various approaches to teaching psychology.

The board is required by law to notify Adelman by March 15 if his contract is not going to be renewed.

The Student Senate has passed a resolution urging the board to retain Adelman on the staff and several "rallies" were held on campus last week.

No incidents have been reported at any of the rallies or at the board meeting last week.

A contingent of students is expected to be on hand for the board meeting March 8, along with several faculty members.

Higher Postage Is Bargain Says Local Postmaster

The proposed new postal rate increases will place the nation's postal system on a sound financial basis, Lemon Grove Postmaster F. Faucher said today.

"Compared to other costs, the 8 cent stamp proposed by the United States Postal Service, will still be one of the best buys for the money that exists anywhere in the world today," he said.

When effective, the new rate will mean first class stamp prices have increased 166 per cent since 1932. During the same 39 years, wholesale prices have increased by 230 percent, and the average pay of manufacturing workers has gone up by 670 percent.

"Back in 1932," the Postmaster recalled, "nobody complained about the cost of mailing a first class letter at 3 cents. Yet, if postal rates rates had risen at the same rate as retail prices since 1932, it would cost 10 cents today to send a first class letter."

The impact of the proposed 2 cent increase in first class postage on the family or individual in Lemon Grove will be minimal, Faucher said.

To the individual who mails one letter a day, the increase will amount to $7.30 a year, but to the person who mails only one letter a week, it will mean only $1.04 a year in increased postage, he said.

Sutton Gives Report On '45-15' Program

Dr. Robert Sutton's report on the "45-15" year-round school year highlighted Monday night's meeting of the Board of Trustees of the Lemon Grove School District.

Sutton, who visited the Valley View School District recently, where the plan is now in effect, told trustees of some of the advantages the program has over traditional school years, and played recordings he made while visiting the district.

In the 45-15 plan, students attend school for 45 days and take a 15-day vacation. By staggering the schedules, four groups of students can be taught in the space ordinarily used by three groups of about the same size.

In addition to their regularly scheduled 15-day vacations, students get time out of school during the Christmas season, Easter season, and for a couple of weeks during the summer.

The plan also affords teachers a wider variety of contracts, as they can either teach 45 days and take 15 days off, or, by switching groups, teach

IRS TAX ANSWERS?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) Is it true IRS will figure the tax and the retirement income credit for taxpayers this year?

A) Yes, as long as certain conditions are met. Briefly, these are that your income is $20,000 or less and consists entirely of wages, salaries, tips, dividends, interest, pensions and annuities. You must also take the standard deduction.

The IRS will compute your tax if you meet these conditions. Fill in the proper lines as indicated on page 2 of the instructions and mail your return to the IRS Service Center. Any retirement income credit you are entitled to will also be computed where the proper lines on Schedule R are filled in. Be sure to attach Schedule R and other necessary Schedules to your Form 1040.

After we compute your tax, you will either receive a refund or bill for additional tax due.

Q) Taxes were withheld from a part-time job I had last spring. I don't have to file a return so how do I get this money back?

A) A return must be filed to obtain a refund. Attach W-2 statement showing the wages paid and taxes withheld to the Form 1040 you complete and send it to the Internal Revenue service center for your area.

Q) The address is wrong on my blue address label. What should I do?

A) Make the correction right on the label and place it on the front of the form you file.

Q) What's the change in the handling of crop insurance proceeds for farmers?

A) A cash basis farmer is usually required to report income the year it is received. Under the Tax Reform Act of 1969, however, a farmer receiving insurance compensation for damaged or destroyed crops may elect to defer reporting the proceeds until the year following the loss if the income would otherwise have been reported in any tax year following the year of destruction or damage?

Q) What's the maximum social security tax for 1970? I had two jobs and I think I paid too much.

A) The maximum social security tax is $374.40 for 1970. If more than that was withheld from your wages because you had more than one employer last year, enter the excess on line 62 of your Form 1040. This is explained in the 1040 instructions.

Q) Can you include the cost of a house hunting trip with other moving expenses for income tax purposes?

A) Yes, under certain conditions.

For details on moving expenses, send a post card to your IRS district office and ask for Publication 521 and a copy of Form 3903. This form must be completed and sent in with your return if you claim this deduction.

Q) My mother just started collecting her social security pension. Does she have to pay tax on it?

A) No, social security benefits are not taxable and do not have to be reported.

Q) I drive several hundred miles a week going back and forth from my home to work. Can I deduct anything?

A) Commuting costs are a personal expense and not deductible. However, you may deduct the state and local gasoline taxes you pay as a result of this and other personal driving.

A convenient table to help you determine the amount of your gas tax deduction may be found on Page 8 of the Form 1040 instructions. It is based on the tax rate in your state, number of miles driven and type of car.

Q) Do the tax tables in the instruction book include the surcharge?

A) No, after you have determined the amount of your tax from either the table or the schedules, you will have to add the surcharge. Use the surcharge tables in the 1040 instructions to determine the surcharge.

Q) Where can I buy a copy of your income tax guide?

A) A copy of Your Federal Income Tax, Publication 17, may be purchased for 75 cents and is sold at our offices. The Tax Guide for Small Business, Publication 334, costs 75 cents and is sold at our offices. They may also be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Is "amor" the Spanish word for "love?" A friend of mine tells me that "querer" is the way to say "love." Will you please explain the difference between "amor" and "querer."

"Amor" is the noun form of "love." With this form we may say expressions like "Es mi amor" for "It is my love" and "Mi amor es muy grande" for "My love is very great." In these two examples we have spoken of "amor" (love) as the object and the subject respectively. "El amor es bonito" for "Love is beautiful" is another way to use "amor" (love) in the noun form.

"Amar" is a verb form of "love." This is used to show the action "to love." Thus "Amar es bonito" for "to love is beautiful" and "me gusta amar" for "I like to love." In both of these examples we are expressing the action "amar" (to love). We are not naming it or referring to it in the noun form.

"Querer" is another way to say "to love." It is anlso an action form. We may use it as an synonym for "amar." Thus we may say "Querer es bonito" for "To love is beautiful" and "me gusta querer" for "I like to love."

We may expand the uses of "querer" (to love) by converting it to "quiero" for "I love" and "quiere" for "you love." This permits us to say phrases like "Quiere usted a ella?" for "Do you love her?" and "Quiere usted a el?" for "Do you love him? Some responses might be "Lo quiero." (I love him) and "La quiero" for "I love her."

"Enamorarse" means "To fall in love." Usted in a practical sense we may vary this verb to say "Se enamora usted?" for "Are you falling in love?" An affirmative response would be "Me enamoro." for "I'm falling in love."

You may wish to learn more of the words that convey the idea of love as they appear in the following practice phrases. If you dial 276-2762 on your telephone an automatic recording will guide you, saying each word and phrases, and then pausing for you to say the same. Try it for fun!

Business to be discussed, will be insurance and plans for a new building for the Museum.

Vice president of the Society, Mrs. Charlotta Phillips, said a new group of students have started digging for artifacts at the east side of the old adobe building.

Mrs. Phillips reported that the appearance of Congressman Lionel Van Deerlin, on Feb. 12, to present the Society with an American flag, which had flown over the Capitol in Washington, had attracted quite a crowd.

She said the Congressman talked about Social Security and answered questions. He told the crowd that he is certain that a portion of the Social Security Act, which has been discussed in Washington, will probably go through in April and become retroactive to January first.

Congressman Van Deerlin said he was amazed and delighted at the progress that has been made on the Spring Valley Historical Society's building and grounds, since he was here three years ago. He said also that he urges that more personal letters be sent to him from Californians, and that he will see that each letter is answered.

This Sunday

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is for more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Grossmont Board Gets Report On Bond Issue

A report from the citizen's advisory committee in charge of studying a proposed bond issue, expulsion of 12 students for narcotics policy violations and the announcement from George Birch that he will not seek re-election to the school board highlighted last week's meeting of the Grossmont Union High School District Board of Trustees.

Trustees heard a report from the citizen's advisory committee recommending that the district hold an $11 million bond election not prior to October.

The committee recommended that the district continue with its plan to construct a proposed ninth high school at a cost of $1.8 million, regardless of whether or not bond monies were available. The report suggested that the urgently needed school be financed by a tax levy if the bond election failed.

The committee also urged the board to form another committee to explore the possibilities of expanding existing facilities utilizing double sessions, a 12-month school year, staggered classes, and early graduation.

No action was taken by the board on the report. The board is required by law to make a decision on a bond election 80 days before it is held.

Trustees expelled eleven boys and one girl for drug policy violations, and re-admitted six other students to schools in the district who had previously been expelled.

Three of the students were from Monte Vista High School.

Of the twelve expelled, eight of the cases were involved with marijuana, one with LSD, one with dangerous drugs, one with hashish and marijuana, and one with LSD and marijuana. Nine of the cases involved on-campus violations.

The six students who were re-admitted to classes brought the total number of students re-admitted after expulsion for drug violations to 501 in the history of the four-year old policy.

In other action, trustees accepted the retirement of board member George Birch, who earlier announced that he will not seek a position on the Grossmont Community College Board of Trustees.

The retirement of Birch means that no incumbent will be running for the board on the ballot April 20, as Portia Goode announced she will not seek re-election a week ago.

The bi-weekly meeting of the L.G. Planning Assn. will be held on Thursday this week at 3 p.m. in the auditorium of the L.G. Junior High school. It was erroneously reported that it was scheduled for last week, according to Jim Dorman, presiding officer.

Clayne Munck, senior planner, community planning service, County Planning Department, will set aside part of the program for discussion of Planned Residential Developments. Two such proposals drew more than 300 Lemon Grove residents to a Planning Commission hearing on the matter Friday. Both PRD's are mapped for Monterey Heights.

On the same day, at noon, the Lemon Grove Chamber of Commerce Board of Directors will meet at The Embers, Broadway and Kempf streets, according to Bob Russell, CoC president.

Parish Renewal Program Comes To End Sunday

The month-long program of spiritual lectures, sermons and discussions at St. John of The Cross Church will come to an end this weekend, it was announced by Father Patrick Kearney, pastor.

Paulist missionaries Walter Anthony and Peter Shea have been preaching at all the Sunday masses, and the Saturday evening service.

During the week, the missionaries have been going into the homes of the parishoners, celebrating the mass, and participating in discussions.

"We have found the people in Lemon Grove very warm and friendly," Father Anthony said, "and naturally we will miss them. One of the most difficult things for a missionary priest is to move around so much, get to know the people, and then be off for another part of the state.

"We don't mind doing it, since it is the work of the Lord, and if we help people to draw closer to God, to know their faith and appreciate it more, then we feel our work is a success, and that gives us a lot of satisfaction, and encouragement to keep going."

The final sermon will be on the subject of "Hope for Our Times." "Of all the qualities that Christians need today it is hope," Father Shea said.

SPECTACLE — Mexico City's Zolcalo is illuminated each week. Scene is from Thayer Soule's "I Love Mexico", a 2-hour color travel film to be shown as part of the Exploramа Series Tuesday night at the Civic Theater. The film will start at 8:15 p.m. and will be narrated by Soule, who produced and photographed the work. Reserved tickets are available at Metro Ticket Agencies, Highlander Stores, and the Civic Theater Box Office, 236-6510. Tickets are $3.75, $3.50, and $3.25.

Grunion Season To Open At Local Beaches During March

The grunion are coming!

Grunion hunting, a popular sport among many Southern Californians, is expected to get into full swing next month, as the Department of Fish and Game predicts two "runs" during March.

Grunion, silvery fish from five to 12 inches long, invade the local beaches twice each month from March through July to lay eggs in the sand.

Thousands of the smelt-like fish are taken each month from beaches as far north as Morro Bay in San Luis Obispo County and as far south as Ensenada.

To "hunt" grunion, sportsmen over 16 years of age must first secure a fishing license. Youngsters under that age may take the fish with no license.

Grunion must be taken by hand; no applicance may be used, and no holes can be dug to trap them.

The procedure most grunion hunters use in catching their game is as follows:

Get a bucket, to be used to hold the fish after they have been caught.

Dress in old clothing, and bring along plenty of dry things. Bring along a sweater or jacket, as grunion only run at night when it is chilly.

Bring along snacks for the youngsters.

Pick a beach where good runs usually occur. La Jolla Shores, Mission Beach, and Silver Strand are good choices.

Bring one or more flashlights.

When you get to the beach, pick a spot to sit and wait for the run to start.

When the fish come ashore on a high wave, pick them up quickly before they catch the next wave out to sea. It is a little bit tricky at first, but before long you'll get the hang of it.

Best times for hunting are the second and third nights of a four-night run, about 45 minutes to an hour after the run starts.

Many grunion hunters enjoy making their catch a morning-after-the-hunt breakfast. To do so, clean the fish and scale them. Roll them in a mixture of flour and cornmeal and fry them in fat or cooking oil until they are golden brown. Serve hot with eggs or toast.

Following is a table of times and dates for runs:

March 14, 10:12 p.m.; March 15, 10:36 p.m.; March 16, 11 p.m.; March 17, 11:42 p.m.

March 28, 10:06 p.m.; 29, 10:48 p.m.; 30, 11:30 p.m.; 31, 1:30 a.m.

Season closed during April and May.

June 11, 11:12 p.m.; 12, 12:06 a.m.; 13, 1 a.m.; 14, 2:12 a.m.

June 24, 10:42 p.m.; 25, 11:24 p.m.; 26, 12:06 a.m.; 27, 12:48 a.m.

July 10, 11:12 p.m.; 11, midnight; 12, 1 a.m.; 13, 2:06 a.m.

July 24, 11 p.m.; 25, 11:36 p.m.; 26, 12:12 a.m.; 27, 1 a.m.

Bob Sutton Gives Report

(Continued from Page 1)

all year round.

Sutton also said that teachers could switch students between groups to help slower learning youngsters with their educations without "flunking" them.

Sutton, during his visit to the Valley View District, located in Illinois, talked with several youngsters and parents in the district.

Sutton said that out of 6200 students in the district, only 24 complaints were received when the program went into effect. Most parents were happy with the program, as were the youngsters.

One youngster, on a tape recording, told of how a local bowling alley started a program for the youngsters who were on vacation.

Sutton went on to say that several school districts in the county are presently considering the plan as an alternative to bond issues.

In other board action, trustees approved funds for a human relations workshop, awarded a bid for electrical repairs at Monterey Heights School, and accepted a report on standardized tests for the 1969-70 year.

The board allotted $400 to help cover the costs of School District employees who planned to attend a human relations seminar this spring.

The low bid of $1,400 was awarded to California Electric Works for repairs to a cable at Monterey Heights School. It was anticipated at the last meeting of the board that the repairs would cost a great deal more.

The play, "The Candy Butcher", was one of three original one-act works which were chosen winners in the college's fourth annual contest. The plays will start production next Thursday at the college's playhouse.

Three Original Plays Win Honors In College's Playwriting Contest

The winning plays are "Dutchess, I Salute You," by Trina Greig; "The Candy Butcher" by Ruth Angell Purkey, and "Zero Minus Zero" by Nick Palmier. Each winning playwright received a cash award of $150 for their entry in the annual contest.

"Dutchess, I Salute You" by Mrs. Trina Greig, El Cajon, a first-time winner, is a comedy with six characters. Mrs. Greig, a parttime student at Grossmont College for three years, has choreographed several plays for the drama department and now has a daughter and son-in-law attending Grossmont College. "Dutchess, I Salute You" will be directed by drama instructor James W. Baker.

"The Candy Butcher" by Ruth Angell Purkey, San Diego, is a mixture of fantasy and avant garde drama and is one of several winning plays written by Mrs. Purkey. Head of the playwright division in the Old Globe Theatre Workshop in 1962, Mrs. Purkey has written and produced several original plays.

Two of her plays were included in the 1955-56 edition of Margaret Mayonga's Anthologies of best short plays. She has won several local playwriting tournaments and received statewide awards for her work. "The Candy Butcher" will be directed by drama instructor Clark G. Mires.

"Zero Minus Zero", is a surrealistic drama written by Grossmont College student Nick Palmier, 25, of La Mesa. The cast of "Zero Minus Zero" will include three main characters and a chorus. "Zero Minus Zero" is the first winner for the New York native who grew up in Greece and only returned to the United States three years ago.

After completing his studies at Grossmont College, Palmier will transfer to the University of San Diego and major in comparative literature. "Zero Minus Zero" will be directed by drama instructor Martin Gerrish.

Production of the three winning plays will afford the plays' authors an opportunity to gain practice and experience in rewriting and production problems associated with playwriting while taking part in the casting and production of their plays.

The three original one-act plays will be presented on March 4, 5, 6 and 11, 12 and 13, in the college's stagehouse theatre. Curtain time for all performances is 8:30 p.m.

Due to the limited seating capacity of the stagehouse theatre, reservations are required and may be obtained by contacting the drama department at Grossmont College. The price of admission is $1.50.

Hearing Aid Seminar Set

The First Annual International Hearing Aid Seminar for hearing aid dealers will be held in San Diego March 17 through 20. The seminar is being sponsored by the Speech and Hearing Center, a Division of Children's Health Center of San Diego.

The San Diego Speech and Hearing Center is an outpatient facility providing services in audiology, speech therapy and hearing education. Both lay and professional educational programs are conducted by the Center.

The success of regional clinics held by the Center resulted in the decision to expand the program to include hearing aid dealers nationally.

According to Donald Krebs, Director of the Center, hearing aid dealers are exposed to a great amount of information on hearing technological advances, but rarely have the opportunity to discuss them in detail with experts in the field.

Local Girl Honored In Homemaker Contest

From General Mills, sponsor of the annual education program, she will receive a specially designed award. Additionally, her selection makes her eligible for state and national honors, including one of of 102 college scholarships totaling $110,000.

He later directed his talents to the vibraphone, and was a featured artist with the George Shearing Quintet at the height of its popularity.

Tjader formed his own quintet and gained great fame and reccgnition as one of the proponetns of American improvisational jazz backed by Affro-Cuban percussion.

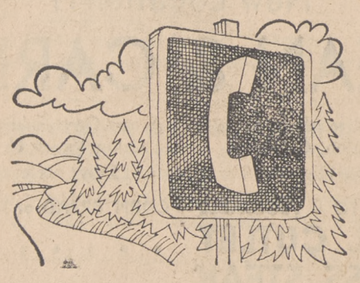
THE PHONE BOOTH

If you ever make a long distance telephone call and get a poor connection or get cut off, we don't want you to pay for it. Fortunately these things seldom happen, but if they do, here's what to do: just hang up, call the Operator and explain what happened. We'll get you a good connection. Our product is communications. And we don't want you to pay for anything less.

I'll bet a lot of you don't realize that your telephone has a "parking space" built right into its design. A glance at these illustrations shows you how easy it is to "park" your phone receiver if you must leave your conversation for a moment. It's handy for you, and you'll save the finish on your furniture, the spring in the cord, and the ears of your listener.



Wherever you see this symbol, there's a public telephone nearby. Signs like these are being used more and more throughout the United States and Canada and will make it easier for travellers to locate public phones.

Aztecs Wind Up Season At CSLB

The end of a long, hard and frustrating basketball season will come this week for San Diego State's roundball contingent.

The Aztecs of coach Dick Davis, 12-13 overall and 3-6 in Pacific Coast Athletic Association competition, will close the year tomorrow night when State hits the road to meet Cal State Long Beach in a PCAA encounter.

The Aztecs will have anything but an easy time with Cal State Long Beach. The 49ers of coach Jerry Tarkanian have won their last 13 in a row and last week wrapped up their second straight PCAA title. Long Beach has never lost a conference game and will take a 19-game league winning streak into the contest.

"I think it goes without saying that we'd love to knock off Long Beach to end the season," remarked Aztec coach Dick Davis. "We're going to be doing our darndest to win this one. We've got nothing to lose and our seniors will be going all-out so it should be a pretty good game."

The first time the teams collided this season the 49ers won out 83-73, but had to wait until the dying moments to pull out the victory. In the series between the schools, the Aztecs hold a 20-10 edge, but have lost the last three in a row to the 49ers.

Aztec averages took a dip last week when State fell twice to conference rivals UC Santa Barbara, 96-86, and Cal State Los Angeles, 77-70.

DeLong, Wife First Recruits In Zoo Drive

San Diego Charger defensive end Steve DeLong and his wife Jackie became the first recruits in the 1971 membership drive of the San Diego Zoo last week.

In special ceremonies at the zoo, board member and 2nd vice president Sheldon Campbell presented the DeLongs with a dual membership, which entitles the couple to free entry to the zoo on an unlimited basis throughout the year, five free passes for their guests, five free passes for the Skyfari aerial tramway, and a subscription to the monthly magazine ZOONOOZ.

As an incentive for those joining the Zoological Society during the seven-week drive, a souvenir key to the gates of Nairobi Village, located in the zoo's new Wild Animal Park at San Pasqual, and an invitation to a special preview of the wildlife preserve prior to its opening in 1972 will be included in all new memberships.

Annual memberships in the Zoological Society are $12 for a dual membership and $10 for a single membership.

Mount Miguel Beats Point Loma Spikers

Mount Miguel's track and field team, opening the preseason dual meet schedule, blasted Point Loma Monday afternoon, 66-42, riding the strength of sweeps in the pole vault and shot put.

The Matadors opened the meet with a victory in the 2-mile, as Joe Stubbs took the tape in 9:58.8. Jim Jones kicked in third place in the event as the locals jumped away to the lead.

Mount Miguel stayed close in the dashes, although they were unable to win in the 100, 220, or 440. In the mile, Bob Morrison and Joe Badger teamed up for a one-two punch, and Mount Miguel took over the lead again.

Milt Johnson helped the local cause with a win in the low hurdles, and Mike King's toss of 53-8½ led all shot putters.

Charger Backers Meet

Annual meeting of the Charger Backers will be held at San Diego Stadium Sports Club on Wednesday night, March 10, it was announced by club president Bob Cleator.

Largest football fan club in the U. S., the Charger Backers have a membership of 1,748 families.

Local Athletes Fare Well In Indoor Games

Track and field season opened with a bang last Friday night at the San Diego International Sports Arena, as area high school athletes competed in the San Diego Indoor Games.

Mount Miguel sent three entries to the games and Monte Vista had one representative.

Mike King and Steve Dougherty, a pair of hopefuls from Miguel, and Max Gabaldon, Monte Vista's ace pole vaulter, scored points for their teams, but Miguel's Joe Stubbs was unable to make the top five in the two-mile.

King, a shot putter, tossed the lead ball 51-1½ to capture third place, while Dougherty sprinted to fourth in the 500-yard run.

Galbaldon, who was top qualifier in the pole vault, finished second, although his leap of 13 feet tied the meet record.

Craig Lanahan beat Gabaldon in the event with his effort of 13-6, the new record.

More track for high schoolers will get underway tomorrow afternoon as Mount Miguel takes on Lincoln on the Hornets' track and Monte Vista visits Clairemont.

The Lincoln-Mount Miguel meet will see the Matadors, always tough in field competition, take on the sprint-minded Hornets in what could be a good battle.

Lincoln, a perennial track power, will show better conditioning, but Mount Miguel has the tools in the distance runs and the field events.

At Clairemont, the battle between cross country aces Dale Fleet, of the Chieftains, and Monte Vista's Tom Lux will resume. Fleet, who will probably run the two-mile, defeated Lux easily in cross country action this year.

Lux, who led his cross country team to the Grossmont League title, may choose the mile in the early outings.

Hoop Showdown Tilts Due Here

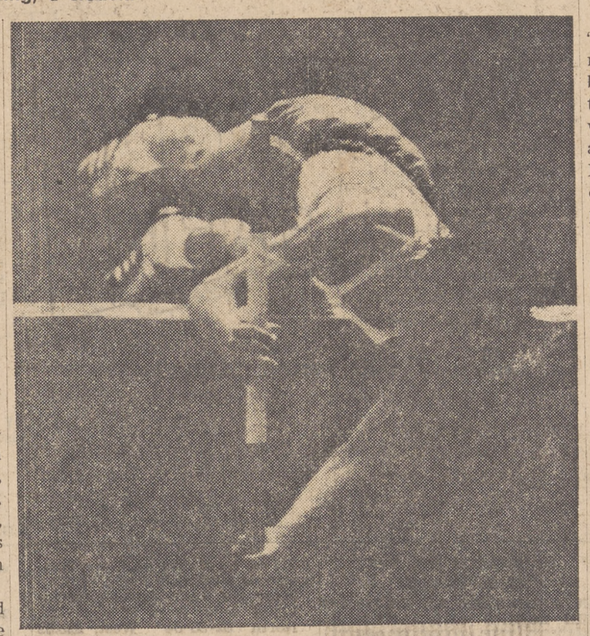
One of three teams participating in the important National Basketball Association doubleheader, Friday, March 5, at the San Diego Sports Arena will gain a berth in the Pacific Division's post-season playoffs.

Chicago, currently in second place in the tough Midwest Division, will take on the San Francisco Warriors in the 6:30 p.m. opener while the San Diego Rockets and Seattle SuperSonics battle in the 8:30 p.m. afterpiece.

With the Los Angeles Lakers securely in first place in the Pacific Division, the battle continues to rage between the Rockets, Warriors and Sonics with only one able to make the playoffs.

Chicago, one of the hottest finishing teams in the NBA, has the edge as the runner-up team behind Milwaukee in the Midwest.

Cost of living in Saigon has increased 2.8 per cent.



OVER THE BAR—Max Gabaldon, Monte Vista High School's lone entry in the Games, just makes it over the bar at 13 feet. Gabaldon, who's vault was equal to the meet record, nevertheless finished second to El Cajon's Craig Lanahan, who won with a record breaking 13-6 attempt. (Photo by Ron Lewis)

Prep Wrestling

Two Local Teams To Lead CIF Competition

Monte Vista and Mount Miguel, possibly the top two wrestling teams in the county, gave evidence last Saturday that a tremendous battle will loom for the CIF competition, which gets underway tomorrow at Grossmont High School.

Preliminaries will get underway tomorrow at 1 p.m., with finals scheduled for Saturday at 1 p.m.

Monte Vista placed nine men in the CIF competition, including three first place winners and two second place winners from the league meet.

Mount Miguel was right behind the Monarchs with seven CIF entries, including three first place wrestlers and three second place men from the league meet.

Helix High also placed seven wrestlers, although they include only one league winner and two second place men.

Local schools have only one wrestler who will be heavily favored to win in the league competition in Dale Siscon, of Mount Miguel.

Several other local wrestlers will have excellent chances at a CIF title, however. Monte Vista's Bill Paine is a threat to win the heavyweight title, and Randy McCorquodale could also win without much surprise.

Mount Miguel's Cesena brothers, Geno and Miguel, will also be expected to be in the thick of things.

In the league meet last week, the favored Monte Vista wrestlers suffered two upsets, as Greg Robinson, of Mount Miguel shocked Rick Weathers in the 168-lb. class, 9-3, and Steve Bower, of El Cajon, upended Steve Fleury, 9-7.

In CIF competition tomorrow, Monte Vista will be favored to win, with Mt. Miguel rated a close second.

Gulls Set USO Night

The San Diego Gulls have declared March 20 USO Night, it was announced by Major General Lowell English, USMC (Ret.) General chairman of the event.

The Gulls will meet the Salt Lake Golden Eagles at the Sports Arena that night.

The announcement was made by General English in the absence of Gulls' General Manager-Coach Max McNab, who is in Portland with the team.

A portion of the game's receipts will go to the USO, according to McNab.

Longest Road Trip Ends For Gulls Sat.

The San Diego Gulls, just starting a long stretch-drive home stand, take on the league-leading Portland Buckaroos in a pair of games this weekend at the Sports Arena.

The Gulls and Buckaroos will meet at 8 o'clock Saturday evening and play again Sunday night a 7 o'clock. The Sunday night game will be one of the Gulls' Family Nights, with a minor hockey game at 5 o'clock and free public skating following the Gulls-Buckaroos' game.

This weekend's series will be games No. 2 and 3 of a 10-game homestand that stretches well into March. The Gulls opened their string of 10 straight at home last night against the Phoenix Roadrunners.

In other action earlier this week, the Gulls wrapped up their longest road trip of the season in Denver on Tuesday night, facing the playoff-contending Denver Spurs.

The Gulls managed to keep a hold on second place by putting together a successful road trip. In the four games of the trip prior to Tuesday night's invasion of Denver, the Gulls had won two, tied one and lost one.

Monte Vista Grabs Crown Looks To C.I.F. Playoffs

Monarchs Best Barons In Opener Monday Night

As the regular Grossmont League basketball season came to a close last Friday night, two Spring Valley coaches, Pete Collonelli of Monte Vista and Dwight Teater of Mount Miguel, had their eyes on the future.

For Collonelli, the immediate future was most important,, as his team readied for the CIF championships which would follow the 73-55 win over the Matadors.

After resting for the weekend, his team, seeded number one by virtue of claiming its second Grossmont League crown in the school's history, played host to Bonita Vista in the first round of the CIF competition.

Mount Miguel coach Dwight "Buck" Teater had his eyes on next year, when his team will be in the running for a spot in the playoffs. The Matadors will field a team centered around returners Tim Miller, Mark Dobransky, and a host of top notch junior varsity players.

Mount Miguel will get competition from the likes of Grossmont, a team that could run away with the title next year, Helix, and Santana.

Monte Vista will be somewhat weaker, as will El Cajon, but El Capitan should move into a position to challenge.

This year isn't over yet for Monte Vista, however, and depending on how things went last night, the Monarchs could be fighting it out in the semi-finals tonight.

In the opening round of CIF competition Monday night, the Monarchs blasted the Bonita Vista Barons, 70-54, before a standing room only crowd in Spring Valley.

Center Allen Bunting took top scoring honors for the game with 21 tallies and also led all rebounders with 11. Three other Monte Vistans scored in double figures. Gary Earle tossed in 17 points, Jack Cross netted 14, and Carl Stucky chipped in 10.

The Monarchs took the game under control in the opening minutes, opening an 18-2 lead. By half-time the score read 41-21.

Monte Vista continued to control the game in the third quarter, but the Barons came back in the final stanza to close the gap to 12 points. The Monarch press held up, however, and the local team went on to win.

Led by Bob Papciak, the Monte Vista High School basketball team belted the Clairemont Chieftons, 64-57 Tuesday night at Mesa College.

Papciak, a 5-11 senior, tossed 21 tallies through the hoops to lead his team in that department. Gary Earle, the Monarchs' ace forward, added 15 points in the game.

Monte Vista jumped away to 40-27 lead at the half, but Clairemont came back to keep it close in the third period. In the final stanza, the Chiefs utilized the fast break to narrow the gap to four points.

The Monarchs started hitting rebounds as the game came to a close, however, and drew away for the win.

About 36.5 million Americans moved from one residential area to another between March, 1969 to March, 1970, according to the Department of Commerce.

TOP SCORER — Allen Bunting, of Monte Vista, goes up for a shot in Monday's opening round of CIF competition against the Bonita Vista Barons. Bunting led all scorers in the game, and led his teammates to a 70-54 win.

Padres Sign Up Pitcher Gary Ross

Right-handed pitcher Gary Ross has signed his 1971 San Diego contract, it was announced today by general manager, Eddie Leishman.

Ross was among the Padres most impresssive pitchers at the conclusion of last season. After his recall from Salt Lake, the 190-pound San Diego resident turned in 10-1/3 scoreless innings over six relief appearances.

His San Diego record last season was 2-3 and included relief wins over Atlanta and Cincinnati.

Ross pitched for Hermosillo in the Mexican League this past winter and was so impressive that he earned the starting assignment for his club in the Caribbean World Series.

Nine Returning Lettermen To Help USIU

Coach Larry Potter, who has produced 11 consecutive baseball winners for United States International University, is optimistic that he will have the Westerners in the NAIA District 3 play-offs for a 12th straight year.

"We have good balance with nine lettermen on a 23-man squad, including a pair of starting pitchers in Paul McWhorter and Scott Purcell," the coach said.

Three other lettermen who return, each a .300 hitter, are John Lear, back for his fourth season at first base, Bob Vetter, sophomore outfielder, and Mark Sweat, senior outfielder.

Scott Lee, who performed mostly as a reliefer last year, will be given a chance in the starting rotation. He earned a letter in the 1970 campaign.

Other holdovers include Bruce Vogen, who was outstanding as a shortstop last season, Dennis Purcell, back for his third year as a catcher, and Dave Nasella, an outfielder with two years experience.

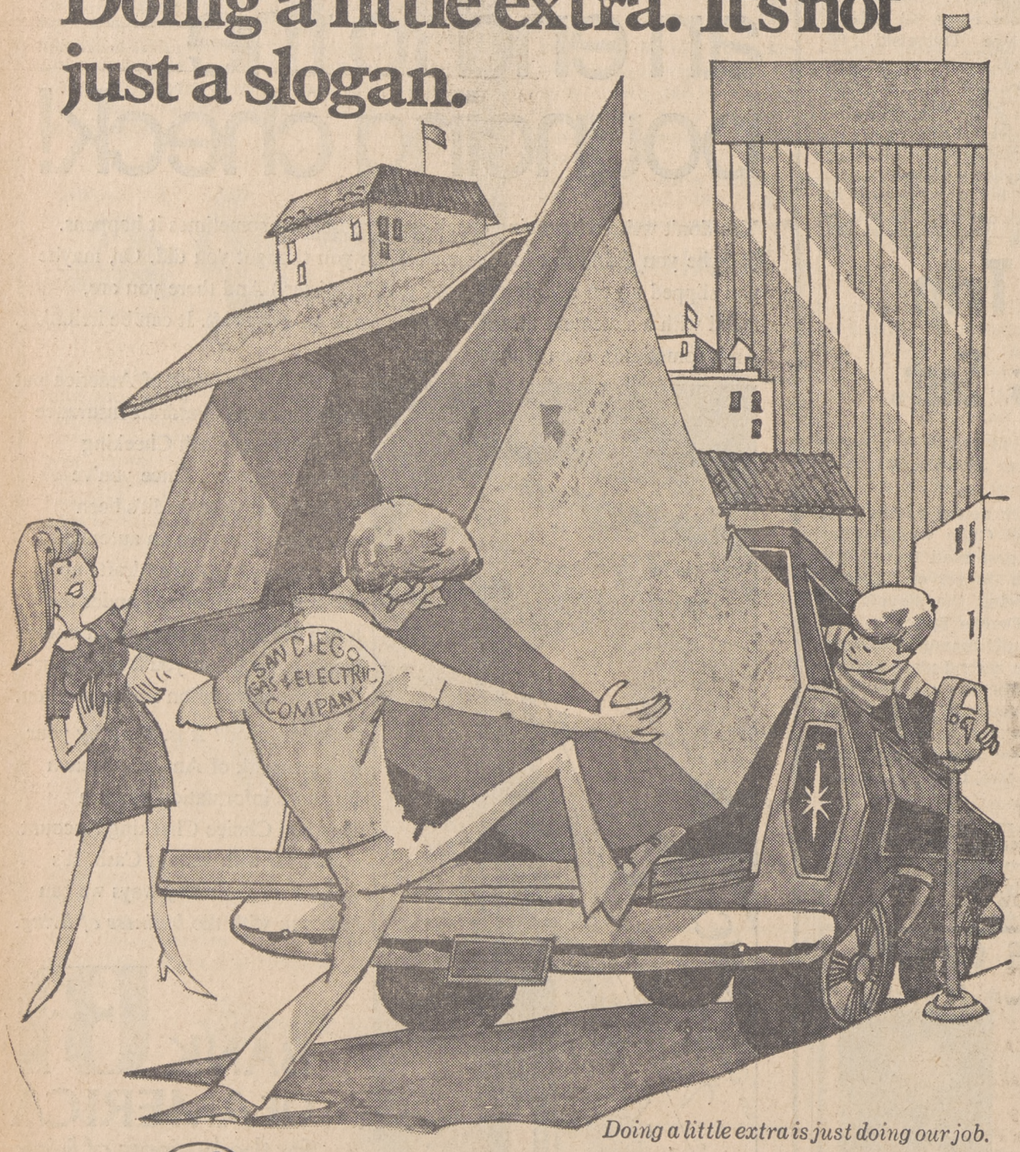
We received an "extra special" note of thanks from Mrs. Arna Zook of San Diego recently—"Your ads are for real! One of your servicemen helped me load a refrigerator carton into the back of my station wagon the other day. How refreshing to see that 'little bit extra' in action."

Thanks Mrs. Zook. Like we've been saying—it's nice to have a man from the gas and electric company around.

Doing a little extra. It's not just a slogan.



Doing a little extra is just doing our job.

SUICIDE CORNER — Jim Jordan, left, of 1543 Gowin st., Spring Valley, and his neighbor Morris L. Cole, of 1550 Gowin st., erected signs at the corner of Harness st. and Sweetwater rd., which they have nicknamed "Suicide Corner".
The signs were erected last week after the corner was the scene of a fatal accident Feb. 13. The signs, according to Jordan, keep a running total of injury and fatal accidents at the corner.
Residents in the area plan to appeal to the county to install traffic control signals.

Drug Abusers Seeking Help Given Immunity

The District Attorney's office, in cooperation with all law enforcement agencies in San Diego County, has adopted a "no bust" policy for persons seeking emergency treatment for being under the influence of drugs or narcotics.

District Attorney Edwin L. Miller, who announced the new policy said that requests for it had come from hospitals, physicians, psychiatrists, and various volunteer groups to help remove the fear of arrest among persons, most young, if they sought help for their condition.

Spelled out, the new policy is:

1. No persons seeking emergency treatment at an authorized or recognized emergency treatment facility by reason of being under the influence or suffering from an overdose of drugs or alcohol will be subject to arrest as long as the person has not violated any law other than being under the influence.

2. Hospitals or other authorized or recognized emergency treatment facilities are not required to report persons seeking emergency treatment as described above to any law enforcement agency unless narcotics are administered as part of their treatment.

3. Law enforcement agencies will not keep hospitals or other emergency treatment facilities under general observation in order to apprehend narcotic users, nor will they routinely enter for the sole purpose of searching for users.

4. It would be a prudent practice to report to law enforcement agencies those persons actually in possession of narcotics, or other contraband, or those who commit other crimes while within the treatment facility.

5. While there is no legal requirement to do so, it is suggested that all suicide attempts be reported.

On Feb. 18 at 12:53 p.m., rescuers went to 3780 Corona st. where G. E. Mize, 63, was administered oxygen and sent to a hospital.

Contest Entry Deadline Nears

Applications to ener the 1971 Plymouth Trouble Shooting Contest are now being accepted at the contest's national headquarters in Detroit. Entry deadline is March 1.

John H. Moore, Jr., manager of the Trouble Shooting Contest, said he anticipates participation at both the high school and post-high school levels to increase for the 23rd annual running of this this award-winning program.

"Auto mechanic students in all 50 states who are high school seniors or are in a post-high school auto shop program are eligible to enter their respective classification in the contest," Moore said.

Season's Rainfall Tops 7 Inches

Two storms last week brought the season's rainfall total to 7.10 inches.

The Feb. 16-17 storm left .65 inches and the 19-20 one left more than the current total. .30.

Then a surprise storm which brought several "twisters" to the back country and .53 inches of rain this week fell on Tuesday. It dropped snow on Laguna and Palomar mountains, and a ten-minute hail storm in the Lemon Grove-Spring Valley areas.

According to local meteorologist Don Norvell, the season's total is now 7.77 inches. This compares to 3.62 at the same time last year. Last year's season total was 8.63 — a little less than one inch more than the current total

Rainfall seasons are from July 1 and rain days end at 4 p.m.

BOMBEROS — The Lemon Grove Fire Department hosted five Mexican firefighters from the Hermosillo, Mexico, Fire Dept. last week as part of the county-wide Bomberos Operation. In photo, Juvenal Hernandez, left, and Armando Durazo learn ways of handling nozzle from Captain Robert Adams, while Clarence Lake and Vincent Provinzano look on from background.

EQUIPMENT — Fireman Vince Provinzano shows how to hook up equipment while Capt. Adams explains demonstration to bomberos. Over 400 Mexican firemen were in San Diego County last week to learn techniques in firefighting. Bomberos in photo are F. C. Franco, left, Juvenal Hernandez, Armando Durazo, and Sergio Mendoza.

Two New Classes Set

Grossmont Adult School has added two new classes to the spring schedule for parents of retarded children and for exceptional and handicapped children.

The course, "Planning for the Future of the Retarded," will meet every Tuesday for five weeks, March 2 through March 31, from 7 to 9:30 p.m. Robert Daily, Department chairman for Grossmont Workshop, will be the teacher.

"The course objective includes the basic aspects of future planning for the adolescent mentally retarded and the awareness of problems involved in the process. Contents will include services available to the retarded in the community; a review of legal aspects and considerations necessary in planning for the future," said Irmagard Blaufuss, Program Coordinator of Special Classes, Grossmont Adult School.

"Leisure Activities for Exceptional and Handicapped Children" is the title of the second course. "The purpose of this course is to acquaint parents of retarded children with the variety of home and community leisure activities available for their child," according to Miss Blaufuss.

This course will be offered for four weeks, meeting Mondays, March 8 through March 29, from 7 to 9:30 p.m. Registration for this class ends March 1.

Dr. Marilyn L. Haffly, Assistant Professor at San Diego State, will be the instructor.

Massachusetts employes 838 men in the state police system.

To help reduce the risk of heart attack, your San Diego County Heart Association recommends a diet that uses less animal fats and fewer cholesterol-rich foods, such as eggs and organ meats.

Mrs. Medgar Evers To Speak At Forum Sunday

Mrs. Medgar Evers, widow of the slain civil rights leader, is the second speaker in the Forum of the Foothills series.

Speaking Sunday evening at 7:30 p.m. in the Grossmont College gymnasium, Mrs. Evers will expound her philosophy which rejects the use of violence to bring about change.

Her topic is "Stepping on the Toes of the Status Quo."

Subscriptions to the remaining four lectures are still available, according to Forum Chairman Paul E. Parker.

"To date, more than 400 area individuals and families have subscribed to this year's series but we are still short of the number needed for the Forum to meet the financial commitments of speaker's fees and expenses," Parker said.

"Funding of the Forum comes primarily from individuals, families and sponsors who subscribe to the lecture series," Parker said.

Subscriptions are $5 for individuals, $10 for families and $50 for sponsors. Memberships cover tickets for all lectures. Sponsors, which include individuals as well as clubs and organizations, receive 10 tickets for each lecture.

Remaining speakers in the series, in addition to Mrs. Evers, include: Richard Bates, M.D., on the problem of drug abuse; Murray Banks, "What to do Until the Psychiatrist

Mrs. Evers

Comes;" and Joseph Paul Kimble, controversial chief of police of Beverly Hills.

For more information on subscriptions to the Forum or group ticket information call Paul Parker at 466-4712.
